

Web Developer TYPO3 (f/m/d)

We are an **internationally oriented software company** based in Southern Germany with customers all over the world. Our **successful growth** is accelerating, that is why we are looking for you to strengthen the **development of our global SaaS online platform** Cryptshare.express!

Your mission is to further develop our global cloud solution and establish it in the market, **together with an experienced team** of online marketers and project managers.

You are experienced in website and online shop development? You like to work independently and goal-oriented? Then you have the most important prerequisites. It is important to us that you master the necessary tools. This includes, above all, TYPO3 Extbase and Fluid. Knowledge of PHP, MySQL, JavaScript, HTML and CSS3 is a plus.

Flexible working hours and work location are feasible – what counts are results.

Your responsibility

- You drive further development of our global SaaS online platform Cryptshare.express conceptually and technically
- This includes design and maintenance of the technical systems
- You implement new requirements, which largely concern the frontend, user backend and the interfaces e.g. payment providers and other connected systems
- Occasional creation of content or support and consulting of the stakeholders make your job interesting and diversified

Must haves

- Diverse project experience in website and online shop development
- Excellent TYPO3 Extbase and Fluid knowledge
- Kenntnisse in PHP und MySQL sowie JavaScript, HTML5 und CSS3 sind hilfreich
- Knowledge of PHP and MySQL as well as JavaScript, HTML5 and CSS3
- High individual professionalism
- Good knowledge of German and English

Are you looking for a **new challenge with lots of creative freedom in a successful and fun team**? Then don't wait any longer and get in touch with us: jobs@cryptshare.com. We are looking forward to welcoming you to our team!
